

**Human Resources Department
Job Vacancy Announcement**

Job Title: Middle School (MYP) & High School (DP) Chemistry Teacher
Grade Levels: MYP/Secondary Classes
Reports to: Science Subject Group Leader/ MYP Coordinator/DP Coordinator/Curriculum Director
Job Status: Full Time Job

Job Purpose

The MYP/Secondary Classes Chemistry teacher should be committed to providing a dynamic and inquiry-based learning environment that fosters students' scientific curiosity, critical thinking, and understanding of physics concepts while ensuring the application of the program requirements. The teacher will be responsible for developing and delivering engaging and rigorous instruction, fostering students' scientific inquiry skills, and nurturing their passion for chemistry. The curriculum should incorporate clear learning objectives and differentiated instruction to students of mixed abilities and interests. The teacher should be able to work within the framework of the school's mission, vision, core values and culture.

Key Responsibilities:

- Develop and deliver engaging and rigorous chemistry lessons for MYP and DP students, promoting inquiry-based learning and conceptual understanding
- Implement the IB MYP and DP curricula effectively, ensuring alignment with program standards and learning objectives
- Foster students' curiosity, critical thinking, and problem-solving skills through hands-on experiments, investigations, and practical applications of chemistry concepts.
- Utilize a variety of teaching strategies and resources, including technology tools and digital simulations, to enhance student engagement and facilitate deeper learning experiences.
- Create a positive and inclusive classroom environment that supports student well-being, encourages collaboration, and respects diversity.
- Assess student learning through a range of formative and summative assessment strategies, providing timely feedback and guidance for student growth.
- Support the personal and academic development of students, providing guidance, mentorship, and individualized support as needed.
- Stay updated on current trends and advancements in chemistry education, incorporating innovative practices into instructional strategies.
- Collaborate with colleagues within the science department and across other disciplines to ensure coherence and integration of the curriculum.

- Engage in ongoing professional development opportunities to enhance teaching skills and contribute to the school's educational community.
- Establish effective communication channels with students, parents, and colleagues to foster open dialogue and partnership in supporting student progress and success.
- Establish and maintain a safe and well-equipped laboratory for conducting chemistry experiments.
- Accompany students during break times and duties as needed and be involved in school activities

Qualifications

- **Degree:** BA/BS, MS/MA Degrees + Teaching Diploma
- **Major:** Chemistry
- **Years of experience:** From 2 to 5 in Middle Years/Secondary Classes
- **Languages:** English (high fluence is required)– Arabic

Requirements

- CV
- Copy of the earned Degree
- Three reference letters

Job Info

- **Working place:** Al- Hayat International School (HIS)-Aramoun – Lebanon
